SUMMARY

Web developer with strong interest in creating products that will increase user satisfaction. Proven record of successfully working in team oriented, deadline driven environment. Very much interested in further developing new skills and sharpening current skills.

TECHNICAL SKILLS

- Python/Django
- Javascript/Jquery/Node/Angular
- HTML/CSS
- MySQL/MongoDB

TECHNICAL ACTIVITY

CodeforDC working on providing open data to affordable housing decision makers. Working on python script for matching data scraped from pdf files of the city gov't to our internal database. <http://housinginsights.org/>

EXPERIENCE

US Patent and Trademark Office, 2012-2015

Reviewed patent applications by inventors to determine if the applications comply with basic rules and legal requirements. Researched subject matter claimed in the patent application and determined the patentability of the application. Communicated the patentability of the application to the inventor or the inventor's representative.

Kraft Foods, 2011-2012

Supervised production of Kraft Snacks manufacturing lines. Supervised up to 30 employees during an eight hour shift. Day to day responsibilities included maintenance of the production equipments, payroll updates of personnel, employee scheduling of the work week, coordination with other departments (transportation, supply chain, sanitation, etc.) and production quotas of snacks.

US Army (Engineers), 2007-2011

Served as a logistics supervisor from 2008 to 2009 of a 20 men team responsible for logistics of 800 men engineer task force. Served as an engineering project manager from 2009 to 2010 in charge of 53 men team and \$2 million of equipment. Served as an assistant operations manager from 2010 to 2011. Played key roles in the development and coordination of construction programs as well as other day to day operations in support of 800 men engineer task force. Served as the subject matter expert regarding electronic warfare equipments to counter Radio Controlled Improvised Explosive Device (RC-IED).

EDUCATION
